In 2020, educational institutions heads from different schools in upper Hunza got together in PASSU AMBASSADOR HOTEL for the Educational grand distribution ceremony organized by NOMUS – For Education & Health Organization.

During the grand distribution ceremony, each educational head requested from NOMUS to arrange a capacity-building session for teachers from different schools of upper Hunza. Which is very important for educational institutions in the 21st century.

In the educational grant distribution ceremony, heads from different schools agreed to write a combined proposal for a teacher capacity building program, and they have submitted that proposal to the NOMUS office in 2022.

General Manager NOMUS – For Education & Health Organization Mr Ghulam Shah shared the proposal with Donors of NOMUS and luckily our respected Donors have approved the proposal to continue the teacher training program for one week once in a year, and continuous for three years.
